

JEAN-PIERRE LOISELLE

Retired Prospector / Field technician

Currently

Independent scholar / Observer / Web prospector

Vancouver, British Columbia, Canada

exploreobservelearn2013@gmail.com

PRIMARY QUALIFICATIONS

I am experienced field technician specializing in electromagnetic exploration, and I am professional in strategic exploration as well as regional reconnaissance.

I was a Beep Mat owner/operator: This powerful high tech probe can "see" mineralization up to 3 meters deep; being highly efficient for massive sulfides and mineralization's associated with magnetite and conductive minerals as well as kimberlite.

A demonstration of the Beep Mat can be arranged at no charge

PROFILE:

- 1974- Experienced as field supervisor,
- In charge of 8 employees: Supervision of line cutting operations, airplane rental, detail mapping of the mineralized boulder train, emanometric survey, preparation of payroll time sheets, localization of the ore body, site preparation for drillers and reports.
- 1989, 91- Field supervision of geochemistry program for BP Resources

HIGHLY SKILLED AND EXPERIENCED IN:

- Strategic exploration
 - Location of new anomalies, mapping and sampling
 - Geophysical survey, EM-16, radiometric, emanometric, etc.
 - Geochemistry, soil sampling and supervision of a crew
 - Adaptable to varied climates and working conditions
 - Successful track record in discovering new anomalies
 - Experienced as field supervisor
 - Fluent in English and French
-

From 1970 to 1999

*I worked in mineral exploration as field technician and
I was owner and optioned mineral properties as prospector*

From year 2000 to date

*I am an independent scholar as well as volunteer at the
Vancouver School Board, Adult Education, Vancouver, British Columbia
I graduated from Adult Secondary Graduation, and
Currently Web prospector / Independent scholar*

*Suffering from severe osteoarthritis I retired in year 2,000
I had total hip replacement arthroplasty of both legs*

PROFESSIONAL EXPERIENCE

- 1997-1999 Private investors from Seattle, Washington, USA**
Electromagnetic exploration and claims staking, Atlin area, BC
Successful in locating new gold bearing anomalies
- 1999 Freeport Exploration Co, from Tucson, AZ**
Core splitting, Smithers, British Columbia, Canada
- 1996 Private investor from Vancouver, BC**
Claims staking, British Columbia, Canada
Ketza Group from Vancouver, British Columbia, Canada
Electromagnetic exploration, Ross River area, Yukon, Canada
Successful in locating new anomalies, results: confidential
- 1995 Consolidated Logan Mines Ltd**
Electromagnetic prospecting, Vancouver Island, BC
Self-employed, and contractor,
Claim staking and assessment work Princeton area, BC
Helper, on Super 38 Longyear diamond drill
Red Mountain area, Yukon
- 1994 Aurizon Mines form British Columbia, Canada**
Assessment work on my optioned properties, Quinsam Coal Mine area,
Vancouver Island, British-Columbia, Canada
- 1991-1993 Self-employed**
Exploration in southern Alaska, Atlin area in British Columbia
as well as Dawson City area, Yukon, Canada

1989-1991 BP Canada (British Petroleum)

Field supervision of a geochemical exploration program,
Germansen Landing area, Northern interior of British Columbia, Canada
Also, core splitting and logging, Mt. Milligan, a copper-gold project located
mid-way between the communities of Fort St. James and Mackenzie in central
British Columbia

1984-1989 Self-employed

Assessment work on mineral properties in British Columbia,
As well as helper on Super 38 Longyear diamond drill In Ontario Hearst area,
in British Columbia, Taseko Lake area; for Tech Resources, in the southern
Chilcotin District of the Central Interior of British Columbia, Canada

1984 Urangesellschaft Canada Ltd.

Uranium exploration, radiometric and emanometric survey
Baker Lake area, Nunavut, Canada

1983-1984 Private contractors from Rouyn-Noranda, Quebec
Line cutting, Trout Lake area, Ontario

1981 Geocanex Ltd, Toronto, Ontario, Canada

E.M. horizontal loop survey, Pickle Lake area, Ontario

1972-1977 Amok Ltd, Northern Saskatchewan, Canada

Geochemical exploration soil sampling and assistant technician in
chromatography analysis, field-laboratory.
Field technician, EM-16, radiometric and emanometric surveys
Mr. Kristo Tapaneneen, Finish glaciologist, Supervisor, assistant
in mapping mineralized boulder train. Cluff Lake, Saskatchewan.

1975 Urania Exploration, Denver Colorado, U.S.A.

Radiometric exploration, Colorado, Arizona,
Nevada, New-Mexico, California.

1974 Field supervisor, Fond Du Lac area, Sask. Amok Ltd

In charge of 8 employees, Supervision of line cutting operations
Airplane rental: Detail mapping of the mineralized boulder train
Emanometric survey and preparation of payroll time sheets
Localization of the ore body and site preparation for drillers
Reports

1970-1971 Consolidated Virginia Mining,

Claim staking, prospecting in Abitibi-Temiscamingue area
P. Quebec Canada

EDUCATION

- 1961-1964 June Completion of elementary school, grade 7**
Bois des Filion, et St-Hermas, and completion grade 9
Lachute, P Quebec, Canada
- 1970, April Ecole Polytechnique de Montreal, Quebec, Canada**
Mr. Pierre Mauffette Ing. Genie geologique, teacher
Cours informatif de 5 semaines, concernant prospection miniere
- 1970, December Scuba Diving course**
- 1970-1971, April Forage et Dynamitage**
Ministere de l'Education, Gouvernement du Quebec
St Jerome, Quebec, Canada
- 1973-1974 Exploration Miniere et prospection**
Formation Professionnelle au Collegiale
Commissariat a l'Energie Atomique
Centre d'Information et de Perfectionnement, Razes,
France, Republique Francaise
- 1981 Diplome d'Etude Secondaire completion, Adult Education**
Rouyn Noranda, Abitibi, Quebec, Canada
- 1986 Prospecting and mining course**
British Columbia & Yukon Chamber of Mines
Vancouver, British Columbia, Canada
- 1987 Mineral Exploration course for Prospectors,**
Ministry of Energy, Mines & Petroleum Resources
Cowichan Lake Research Station BC, Canada
- 1987 Placer & mining course for prospectors**
BC and Yukon Chamber of Mines
Vancouver, BC, Canada
- 1992 Alteration process around ore deposits course**
Dr. Tom Richards, teacher, Nelson, British Columbia, Canada,
- 1999-2000 Web Page Design**
Adult Education, Vancouver School Board
Vancouver, BC, Canada
- 2000 Computer Business Application,**
Adult Education, Vancouver School Board,
Vancouver, British Columbia, Canada

- 2001 Information Technology and Journalism Grade 12,**
Adult Education, Vancouver School Board,
Vancouver, BC, Canada
- 2010 Science-101, University of British Columbia**
Science in the Community, 4 months non-credit course
- 2011 Vancouver School Board, Adult Education**
Ministry of Education, High School Diploma
- 2012-2014 Humanities-101 University of British Columbia**
Faculty of Arts, Anthropology, Architecture, Sociology, Society and cultures
-

SUPPORTING CERTIFICATES

- 2006 Justice Institute of British Columbia, Police Academy,**
Security Patrol, Security Programs, Vancouver, British Columbia, Canada
- 2006 Vancouver Training Institute**
Division of the Vancouver School Board
WHMIS Fundamentals Course
(Workplace Hazardous Materials Information System)
Vancouver, British Columbia, Canada
- 2006-14 St-John Ambulance, British Columbia/Yukon Council**
Safety oriented course and Emergency First Aid
Vancouver, British Columbia, Canada
- 1992 Private Investigation, Tips Career College,**
Ministry of Advance Education,
New Westminster, BC, Canada
- 1990 Canadian Red Cross**
Fundamental principles:
Humanity, Impartiality, Neutrality, Unity, Universality
Membership # E33788
- 1989 Barnet handgun course**
Barnet Rifle Club, Vancouver, BC
Blasting certificate, T.H.M. Silva and Associates Ltd.
- 1970 Scuba Diving Certificate,**
Montreal, Quebec, Canada
Drilling and blasting certificate, Ministere de l'Education,
Gouvernement du Quebec, Education pour adult, Quebec, Canada
-

ACTIVITIES

- 1964 Military training, Camp Bouchard, Blainville, P. Quebec, Canada**
- 1967 Cultural and creative adventures in Europe:**
Austria, Belgium, France, Germany, Holland,
Italy, Liechtenstein and Switzerland.
- 1968-1970 Member of: La Societe Royale d'Astronomie du Canada:**
Cultural experience, et cours d'astronomie
Mr. Jacques Lebrun, conferencier de la NASA
- 1969 Founding member of: La Societe Quebecoise de Speleologie, Quebec**
Many underground expeditions, Canada and USA
One week underground exploration in Red Fern Cave, Alabama, USA.
- 1973 Christmas, London, England:**
One week independent observation and study in the British Museum
- 1973 February, March and April Cultural adventures on Indian subcontinent:**
India, Nepal and Pakistan, observations of their rich variety and social context
Meditation and lectures on Buddhism, near Kathmandu, Nepal
Photographic exploration and observations in the Himalayas
- 1984-1986 Cultural and travel experience in USA:**
Hailey's Comet observations at Mount Palomar, California
Travel from Eastern States to Western States,
Geology and morphology observations in Arizona
- 1999-2008 Certificate of Recognition as volunteer**
Downtown South Gathering Place Community Centre Association
Vancouver School Board, Adult Education
Vancouver, British Columbia, Canada
- 2003-2006 Member of the Board of Directors:**
The Continental Senior's Society, Vancouver, BC
Incorporated under Society Act.
- 2006-14 Delegates for Instrumentation GDD Inc.**
Mineral Exploration Roundup 2006-07-08, Trade show, the Westin Bayshore
Technical Mineral Exploration Conference, Vancouver, BC, Canada
- 1968-2014 Blood donor (complete) as well as (plasma) and (apheresis)**
Canadian Red Cross, Canadian Blood Services, BC & Yukon
Quebec, British Columbia, Yukon, Canada -- 113 donations
